

The TMR company has launched cooperation with the Golf & Spa Resort of Kunětická Hora

The TMR company, which is known mainly as the top subject in the field of tourism in Central Europe and the operator of mountain resorts and amusement parks in 4 European countries, is strengthening its position also in the golf segment, which has been part of TMR for 3 years. Following the successful operation of Golf Resort Ostravice and Golf Resort Kaskáda as well as cooperation with partner resorts – Golf Resort Olomouc and Golf Resort Skalica, TMR has decided to make golf accessible to its clients also in East Bohemia and launched cooperation with Golf & Spa Resort Kunětická hora.

“For us, it is business cooperation that has proved successful already in Olomouc and Skalica. It has a huge potential for the future. That is why we wanted to establish similar cooperation closer to Prague as well and Golf & Spa Resort Kunětická Hora has become our partner resort. This means that members of our clubs can **fully enjoy all usual products** at the golf course and buy memberships also for this season. All **golf season pass, Central golf club membership and TMR FEE surcharge holders** can basically start using their benefits immediately. TMR would like to make use of the increasing popularity of golf and make the potential of golf resorts available also to members of the **GOPASS loyalty programme** so that they can not only play on a larger course which hosts European golf competitions regularly but also stay at the neighbouring hotel and use its conference rooms or legendary wellness centre services,” informed Jan Kastner, the golf segment general manager at TMR.

Golf & Resort Kunětická Hora – a multipurpose sports complex

The offer of services and sports activities of the Golf & Spa Kunětická Hora resort is wide enough to please all age groups of holidayers as well as professional athletes.

It is located **near the Dříteč village** between the county towns of Pardubice and Hradec Králové in a peaceful recreational zone at the foot of Mt Kunětická Hora. Although the complex is easily accessible from both county towns, it is far from a busy road and offers a true oasis of silence.

The championship golf resort meets all requirements and standards of a modern European and world class golf complex and hosts the European Challenge Tour regularly, like the Kaskáda resort in Brno. There are 3 lakes on the course, with 6 holes

to play. Changing rooms and a caddy room are included.

The training centre offers a driving range with 80 boxes, a chipping green, a putting green, training bunkers, an indoor golf centre (4 Full swing golf simulators with related facilities), a golf shop and a sports equipment shop.

Non-golfers can enjoy cycle routes, a sports equipment rental, a restaurant and a pizzeria with an outdoor terrace, a meeting room with an office, a rehabilitation gym with a regular programme, hotel accommodation, a guarded car park and a large public and private spa.
